Region 10 is working on the letter on the final FEIS. Alternative 3 is now the preferred alternative. Consistent with your prior advice the draft EIS, the Region's letter makes the highlighted statement about NSPS. It looks consistent with edits you made on the draft FEIS letter. See attached. Does the highlighted language look okay to you?

Thanks for catching that. It should be "discharge of".

Who should this go to next?

This looks good to me. One typo, "discharges" in the third line from the end should be "discharge," I think.
